## Optical Physicist – Medical Devices

### Description

A leading medical devices company in the heart of Cambridge's technology hub are looking for an optical physicist to join their up-and-coming team of engineers and scientists.

Because of the nature of the work and the culture of the business we are looking for people who love solving complex engineering problems and who have a passion for optics.

As an Optical Physicist you will be applying your sound engineering and physics experience to the design of highly complex medical devices and healthcare hardware, all aiming to provide a step-change in innovation. Your work will involve coming up with new ideas and inventions around advanced technologies and you will take your ideas from initial concept all the way through to manufacturing.

You will be joining a well-established team of engineers, scientists and innovators and will also have new projects on the horizon as this company invests heavily into research and development.

To be considered for this exciting Optical Physicist you will need to have experience of developing optics-based technologies within a commercial setting, coupled with a strong academics and first principles knowledge and excellent pen-and-paper maths skills. Medical devices and healthcare experience is an advantage.

In exchange for your skills and expertise, the company offer a highly competitive package as well as providing excellent career progression and training.

For more information, please call Matthew Lowdon of Newton Colmore Consulting on 0044 121 268 2240 or make an application and one of our team will be in touch.

Newton Colmore Consulting is a highly specialist recruitment consultancy operating within the medical devices, Scientific Engineering, Scientific Software, Robotics, Science, Electronics Design, New Product Design, Human Factors, Regulatory Affairs, Quality Assurance and Field Service Engineering sectors throughout Europe and the US.

Key words: Optical physics, Senior Physicist, Optical Physicist, Optics, Boston, Medical Devices, Laser, Zemax

### Hiring organization

Newton Colmore Consulting Ltd

### Employment Type

Full-time

### Beginning of employment

ASAP

### Duration of employment

Permanent

### Industry

Medical Devices

### Job Location

Cambridge

### Working Hours

Monday to Friday

### Date posted

29th March 2023

### Valid through

18.06.2023
