Regulatory Affairs Director – Medical Devices – De Novo

Description

A new and well-funded Medical Devices company, based in San Diego, is looking for a Regulatory Affairs Director to take up a leadership position in the business and help navigate the company through the De Novo pathway.

The technology will address conditions that will result in saving many lives around the world. It is a novel technology that is really exciting and using the latest AI techniques to save lives.

You will be based on-site in San Diego and lead a team of Medical Devices and Software Engineers to continue with this development. While also guiding the company through the De Novo pathway and FDA 510k submissions. Due to this, you must have successfully led a Medical Devices company through the De Novo pathway previously.

The company is funded and backed up by an entrepreneur who has a successful track record in starting up globally successful Medical Devices, so they know what needs to be done to make this company a success.

You will be rewarded with an excellent starting salary, career growth, bonuses and equity. This type of opportunity does not come along often, so I am expecting a lot of interest. If you are interested in the role, I suggest making an application now or risk missing out.

For more information, please feel free to call Andrew Welsh, Director of Medical Devices recruitment and Scientific recruitment specialists Newton Colmore Consulting, on +44 121 268 2240 or make an application and one of our team at Newton Colmore Consulting will contact you.
